Add a touch of style and luxury to your new room with Visage: a brand new window blind

What makes Peninsula Curtains & Blinds different

 **In-House Manufacturing** - In-house manufacturing at our workroom ensures exceptional quality. The benefits of having our workroom on site is we can give the attention to detail, product quality control and the workmanship that is required to deliver a quality custom made window furnishing product. It also enables us a fast turnaround time for our customers.

 **Service** - Proudly unrivalled in services and quality, Peninsula Curtains and Blinds is a well respected name throughout Melbourne and the Mornington Peninsula. The family run business started over 37 years ago and it is still run by the same family today, just a new generation. Offering personal guidance in selecting from a wide variety of residential window coverings, we also have an extensive commercial portfolio including schools and nursing homes.

 **Range** - With our trusted name, we only use the highest quality brands that are renowned for quality craftsmanship. Our custom made products cover all decorating options including Curtains, Rollers, Shutters, Awnings, Folding arm awnings, Venetians and many more. With the peace of mind that you are dealing with an established business, it couldn't be simpler to arrange for one of our decorators to bring the range to you.

 **Statement Shading** - The Vision blind features two layers of fabric with, the back layer moving independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.

In one continual movement the blind can be raised or fully closed for maximum privacy.

 **Motorise your Visage blind** - Louvolite One Touch increases privacy levels and filters daylight more conveniently with the addition of luxury motorisation for your Visage blind at the touch of a button.

Louvolite One Touch brings you motorisation at surprisingly low prices as the rechargeable battery powered motors require no wiring, making installation quick clean and simple.

 **We have you covered** - Peninsula Curtains and Blinds continue to offer its customers two things - the most comprehensive range of products and exceptional service. Our team works continuously to improve these areas of the business and it is reasons like these that customers return time and time again.

Our showroom features full-sized displays of the complete window furnishing range and is home to thousands of fabric samples. Experienced staff are always on hand to guide you through all the possible options and answer questions. With new products and styles added on a regular basis, the showroom maintains its place as the Peninsula's best.

Visit our showroom or make an appointment with a decorator to come to your home.
